4 out of 5 stars

Australia, QLD Creator: Anglicare North Queensland Last reviewed: 20/11/2017

Review: Diverse prevention, health promotion, early intervention, diversion and counselling services for at-risk populations including targeted services for youth, women, men, families and carers. Much of the work and many of the services are supported by volunteers. Access to a range of accommodation options for people who are homeless. Support for increasing individual and community wellbeing is acknowledged through a number of programs which address co-morbidity and mental health issues. Formal referral to services is not required.

5 out of 5 stars
Australia, QLD Creator: ChaplainWatch Last reviewed: 29/04/2018
Review: Independent not-for-profit organisation with volunteers who donate their time to patrol the Brisbane CBD, Fortitude Valley and Caxton Street precincts, watching out for anyone in crisis, at risk or in need. Services include crisis intervention, conflict resolution, front-line first aid (including alcohol or drug overdose), public counselling and guidance, secondary victim support and welfare assistance. This rapid response service works in partnership with other official services - Police, Ambulance, City Council, venue management and security, and taxi operations. A practical outreach, prevention and harm reduction community service supporting people to party safely.

7. Community Support Services - Ozcare
Tweet
0 out of 5 stars
Australia, QLD Creator: Ozcare Last reviewed: 14/05/2018
Review: Offers a range of residential and non-residential detox and rehab programs for adults with an alcohol or other drug dependence, comorbidity or mental health issues. Multiple outreach programs are on offer including court support, programs specifically for men and women, and Indigenous programs. Several referral options are available including self-referral or referrals by others including families, community services or health professionals. NOTE: This is a review of the provider's website and the information on it, not a review of the quality of their services.
