4 out of 5 stars

Europe Creator: European Opiate Addiction Treatment Association (Europad) Last reviewed: 31/10/2018

Review: Focuses on substitution therapy and promoting effective opiate treatment for people who are dependent on drugs and their families. Supports research into effective treatment of opiate dependence and communicates results through their official journal, 'Heroin Addiction and Related Clinical Problems'. Provides a list of relevant international professional events and extensive links.
