

[1. Integrated Substance Abuse Programs - University of California, Los Angeles](#)

<http://www.uclaisap.org/> [Tweet](#)

4 out of 5 stars

USA Creator: University of California, Los Angeles - Integrated Substance Abuse Programs Last reviewed: 18/12/2018

Review: Interesting substance misuse research including projects which have the potential to affect local, national and international approaches to most-effective assessment, treatment, and aftercare options for prisoners, women and other targeted populations. The Centre also provides professional training and development, and academic links to publications. Significant goals for the Centre are to impact on policy development at all levels of primary and public health care, and to develop and evaluate new approaches for the treatment of substance use disorders.

0 out of 5 stars

Australia, VIC Creator: Australian Vietnamese

Women's Association Last reviewed:

18/12/2018

Review: Provides individual counselling, support, assessments and referrals for people who use drugs, their families and the general Vietnamese community. Both face-to-face and telephone services are offered. All services recognise the multicultural client group and are culturally and linguistically appropriate with a strong commitment to harm reduction. Based in Richmond. NOTE: This is a review of the provider's website and the information on it, not a review of the quality of their services.

[4. International Doctors for Healthier Drug Policies](#)

<https://idhdp.com/en/home.aspx> [Tweet](#)

5 out of 5 stars

International Creator: International Doctors for Healthier Drug Policies Last reviewed: 18/12/2018

Review: A global network of medical doctors advocating for more pragmatic drug policies based on the health of individuals and society. Their focus is to reduce exposure of people who use drugs to criminal justice systems while increasing prevention and intervention strategies such as increasing the access to pharmacotherapy. Access to current global news items, campaigns, publications and events. Free membership for doctors.

[5. Dual Diagnosis Training](#)

<http://www.dualdiagnosistraining.com.au/> [Tweet](#)

2 out of 5 stars

Australia, QLD Creator: George Patriki Last reviewed: 18/12/2018

Review: Training provided by an independent entrepreneur and former drug user. Training options provide participants with a better understanding of comorbidity and a broad spectrum of addiction types as well as general information about treatment options. Eligible for Continuing Professional Development points and is available live and online 24/7. It has been particularly well received by professionals working in the justice system. The company Director also offers informal support for people who use drugs and their families.

[6. Prevent Alcohol and Risk-Related Trauma in Youth \[P.A.R.T.Y.\] - Sunnybrook Health Sciences Centre](#)

<http://www.partyprogram.com> [Tweet](#)

4 out of 5 stars

Canada Creator: Sunnybrook Health Sciences Centre Last reviewed: 18/12/2018

Review: The P.A.R.T.Y. (Prevent Alcohol and Risk-Related Trauma in Youth) Program aims to reduce alcohol-related accident and injury amongst young people with a one day session, based in a hospital, and featuring a presentation from relevant professionals (e.g. first responders), a tour of trauma-related areas of the hospital, presentations from injury survivors, and mental health awareness. Features links to evaluations of the programs, as well as a checklist to help organisations apply to be part of the program. Operates in Canada and other international locations.

[8. Is this safe when breastfeeding? - The Australian Breastfeeding Association](#)

<https://www.breastfeeding.asn.au/bf-info/safe-when-breastfeeding> [Tweet](#)

4 out of 5 stars

Australia Creator: The Australian Breastfeeding Association Last reviewed: 18/12/2018

Review: Provides guidelines, information and practical tips on the use of alcohol, caffeine, over-the-counter, prescription medicines and tobacco use while pregnant. Information and tips for breastfeeding mothers. Access to a number of resources including a 24 hour helpline. While the website is not mobile friendly, there is a free mobile app available for breastfeeding mothers which provides guidelines and tips around the safety of drinking alcohol and feeding your baby.
